

- Proposed Scope Of Work**
- Closure of the Spruce Street grade crossing and the adjacent pedestrian crossing
 - To replace the two closed crossings, a new crossing will be constructed at Goldenrod Drive
 - Proposed Interurban Trail connection is to extend the trail south from Spruce Street, adjacent to Union Pacific track (west side), to the new Goldenrod crossing. The trail would then cross over the Union Pacific tracks heading west back to Main Street.
 - Sidewalk and pedestrian gates at the new crossing location
 - Fencing along railroad right-of-way
 - Four quadrant gates at new crossing location
 - Construction to be complete between spring 2015 and fall 2015
